

Bank7 Corp. Announces 4Q and Full Year 2019 Earnings

OKLAHOMA CITY, Jan. 30, 2020 /PRNewswire/ -- Bank7 Corp. (NASDAQ: BSVN) ("the Company"), the parent company of Oklahoma City-based Bank7 (the "Bank"), today reported unaudited results for the fiscal quarter and year ended December 31, 2019. "The fourth quarter was another good quarter for Bank7 and we are particularly pleased with our robust loan growth, the continuation of excellent credit quality, and our ability to maintain a strong net interest margin, especially in a declining interest rate environment," said Thomas L. Travis, President and CEO of the Company. "Additionally, for the full year, we are very pleased that our pro forma pre-tax income increased by \$1 million, or 4.05%. This was achieved in spite of incurring costs associated with launching into two new markets and modernizing our Oklahoma City branch and headquarters."

On September 5, 2019, our largest shareholders, the Haines Family Trusts, contributed approximately 6.5% of their shares to the Company. Subsequently, the Company immediately issued those shares to certain executive officers, which was charged as compensation expense through the income statement of the Company. This previously announced transaction was recorded as a one-time, non-cash expense; however, because the shares were simultaneously contributed to the Company by the Haines Family Trusts, the transaction had a virtual net-zero impact to shareholders' equity.

Excluding the one-time, extraordinary expense related to the stock transfer outlined above, net income would have been \$20.0 million and for the year ending December 31, 2019. Illustrated below is a reconciliation of pro forma net income through the year ended December 31, 2019.

Both the Bank's and the Company's capital levels continue to be significantly above the minimum levels required to be designated as "well-capitalized" for regulatory purposes. At December 31, 2019 the Tier 1 leverage ratio, Tier 1 risk based capital ratio, and total risk-based capital ratios were 11.65%, 14.28%, and 15.42% respectively for the Bank. At December 31, 2019 the Tier 1 leverage ratio, Tier 1 risk based capital ratio, and total risk-based capital ratios were 11.49%, 14.06%, and 15.20% respectively for the Company on a consolidated basis. Designation as a well-capitalized institution under

regulations does not constitute a recommendation or endorsement by bank regulators.

Pre-tax, pre-provision net income is defined as income before taxes and provision for loan losses. We believe the most directly comparable GAAP financial measure is income before taxes. Disclosure of this measure enables you to compare our operations to those of other banking companies before consideration of taxes and provision expense, which some investors may consider to be a more appropriate comparison given our S Corporation status prior to September 2018. We calculate our tax-adjusted net income, return on average assets, and return on average equity, and per share amounts by using a combined C Corporation effective tax rate for federal and state income taxes of 45.5% and 22.2% in 2019 and 2018, respectively. This calculation illustrates only the change from our status as a S Corporation into a C Corporation and does not give effect to any other transaction. However, we acknowledge that our non-GAAP financial measures have a number of limitations. As such, you should not view these disclosures as a substitute for results determined in accordance with GAAP, and they are not necessarily comparable to non-GAAP financial measures that other banking companies use. Other banking companies may use names similar to those we use for non-GAAP financial measures we disclose, but may calculate them differently. You should understand how we and other companies each calculate their non-GAAP financial measures when making comparisons. The following reconciliation table provides a more detailed analysis of these non-GAAP financial measures:

Cautionary Statements Regarding Forward-Looking Information

This communication contains a number of forward-looking statements. These forward-looking statements reflect Bank7 Corp.'s current views with respect to, among other things, future events and Bank7 Corp.'s financial performance. Any statements about Bank7 Corp.'s expectations, beliefs, plans, predictions, forecasts, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases such as "anticipate," "believes," "can," "could," "may," "predicts," "potential," "should," "will," "estimate," "plans," "projects," "continuing," "ongoing," "expects," "intends" and similar words or phrases. Any or all of the forward-looking statements in (or conveyed orally regarding) this presentation may turn out to be inaccurate. The inclusion of or reference to forward-looking information in this presentation should not be regarded as a representation by Bank7 Corp. or any other person that the future plans, estimates or expectations contemplated by Bank7 Corp. will be achieved.

These forward-looking statements are subject to significant uncertainties because they are based upon: the amount and timing of future changes in interest rates, market behavior, and other economic conditions; future laws, regulations, and accounting principles; changes in regulatory standards and examination policies, and a variety of other matters. These other matters include, among other things, the direct and indirect effect of economic conditions on interest rates, credit quality, loan demand, liquidity, and monetary and supervisory policies of banking regulators. Bank7 Corp. has based these forward-looking statements largely on its current expectations and projections about future events and financial trends that Bank7 Corp. believes may affect its financial condition, results of operations, business strategy and financial needs. Bank7 Corp.'s actual results could differ materially from those anticipated in such forward-looking statements as a result of risks, uncertainties and assumptions that are difficult to predict. If one or more events related to these or other risks or uncertainties materialize, or if Bank7 Corp.'s underlying assumptions prove to be incorrect, actual results may differ materially from what Bank7 Corp. anticipates. You are cautioned not to place undue reliance on forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made and Bank7 Corp. undertakes no obligation to update or revise any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events, except as may be required by law. All forward-looking statements herein are qualified by these cautionary statements.

About Non-GAAP Financial Measures

This communication includes certain non-GAAP financial measures, including tax-adjusted net income, tax-adjusted earnings per share, tax-adjusted return on average assets and tax-adjusted return on average shareholders' equity. These non-GAAP financial measures and any other non-GAAP financial measures that we discuss in this presentation should not be considered in isolation, and should be considered as additions to, and not substitutes for or superior to, measures of financial performance prepared in accordance with GAAP. There are a number of limitations related to the use of these non-GAAP financial measures versus their nearest GAAP equivalents. For example, other companies may calculate non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of Bank7 Corp.'s non-GAAP financial measures as tools for comparison. See the table above in this communication for a reconciliation of the non-GAAP financial measures used in (or conveyed orally during) this

communication to their most directly comparable GAAP financial measures.
